BLOOD DONATION SECRETARY 20-21**

**RTR. VARSHA SRIMATHY M
SECRETARY 20-21**

Every year
6.8 million people
in US donate
blood

31.5% of
people donate
blood out of
1000 people
in US

ROTARACT CLUB OF MNM JAIN ENGINEERING COLLEGE

Which type
of parameters had to
be followed by that
person who donates
blood?

Blood pressure
must be under
180/100

ROTARACT CLUB OF MNM JAIN ENGINEERING COLLEGE

Pulse should be between 50 - 100 beats per minute and temperature below 99.5 degree

Haemoglobin for men over 13(g/dl) and for women over 12.5(g/l)

Then persons
who can't donate
blood?

Cancer patients,
HIV patients etc., this
type of patients should
not donate blood
for others

To be continued...

பாரம்பரிய மருத்துவம்

-மூலகையன் மகத்துவம்

Botanical name : *Ocimum tenuiflorum*

Name : Tulasi

Benefits :

Tulsi is rich in Vitamin C and zinc. It thus acts as a natural immunity booster and keeps infections at bay. It has immense anti-bacterial, anti-viral and anti-fungal properties which protect us from a variety of infections.

ABOUT ROTARACT

Rotaract is a combination of 'Rotary' and 'interact' (International and Action) is an acronym for 'Rotary in Action'. Rotaract focuses on the development of young adults as leaders in their communities and workplaces.

ROTARACT CLUB OF MNM JAIN ENGINEERING COLLEGE

Rotaract Club of MNM Jain Engineering College (Sponsored by Rotary Club of Adyar) has been chartered in 5th November 2003 by Rtr. Karthick Ganesan, the first Charter President. The Rotary Club of Adyar is our Honorable Parent Club who extended their gracious support and guidance for the club's successful functioning.

ABOUT SANGAMAM

One of the most awaited project of our Rotaract Club is "SANGAMAM", which takes place every year. This event was held for the very first time way back in the year 2007-2008 under the club's fifth president Rtr. Easwar Elumalai. Since then this project has happened every year consecutively with its grandeur and success growing in every possible sphere. The Number of children who get benefited out of this event has grown to be around 800 each year. It is not about participating, the event also helps our Rotaractors in improving their knowledge and organizing skills.

As recognition for this project, we received the best ongoing project award as adjudged by District Rotaract Council in the year 2012-2013 & 2014-2015 in the Annual District Awards Function. To carry this forward, Sangamam 2021 is being planned now which will host students from various orphanage where more than 500 students are expected to showcase their talents.

SANGAMAM 2021

"Diversity: The art of thinking independently together."

Rotaract Club of MNM Jain Engineering College is proudly stepping onto the 14th year of Sangamam which is 2021. This year we Rotaractors came up with an astounding theme "Unity in Diversity". This year we planned to conduct the event for orphanage kids to participate and get motivated, inspired in their journey with

a successful destination. We appreciate the winning kids by providing certificates and gifts by fund and we try to unite every children in the event sangamam.

OUR PROMISE TOWARDS YOU

We are immensely pleased to provide this wonderful platform for the orphanage children to exhibit their extra-ordinary skills with confidence. This day will be a memorable day worth cherishing in their life as orphanage children's, we Rotaractors promise you that each and every children will enjoy this amazing event.

OUR PARTICIPANTS

We planned to invite children's from home to participate in this event. We are full of hopes that this will definitely give them a best experience in their journey. This event helps them to explore their unique hidden talents and showcase them. We hope that SANGAMAM as a platform will help them to mould their raw and unexplored talents into something that's awe inspiring.
